CURRICULUM NEWS

December’s themes focus on celebrating holidays at home as well as round the world. The class will “travel” to Germany, Holland, and Italy to discover traditions shared by other countries. Many fun and “sparkly” activities will accompany these themes. A librarian from the Monroeville Public Library, will visited the class on December 12, and read some of her favorite holiday stories to the children. We will also review the shapes, letters and numbers we have learned up to this point.

ENRICHMENT ACTIVITES

We have been working heavily on tracing and printing first names. Please continue to practice at home. Many times we turn first names into song and the children respond very nicely. Try it at home with any song you can think of. Cutting skills are improving each and every day as well as the small motor control needed for coloring and writing. The class will learn all about letters I, J, and number 6 through many fun academics. To go along with the spirit of the season, many activities this month will center on sharing and being a good friend.

From our families to yours, have a very joyous and safe holiday season!

Donations: Donations of napkins and 3oz plastic drinking cups are appreciated. Thank you for the help!
