KID'S DAY OUT Are you looking for a way to help your child prepare for more and longer Kindergarten Days? Adding Kids Day Out would allow your child to get used to the idea of eating lunch with their friends as well as the adjustment of becoming more self-sufficient. See Ms. Bridget if you would like to have your child extend their day.

Dear Parents,

Is it Spring yet? In February, we will be talking about a variety of topics: Ground Hog's Day, Valentine's Day, and President's Day. We have completed our space unit with a splashdown to Mother Earth after traveling to all eight planets and the moon. It was great fun! Next, we will enjoy a unit on the ocean.

We'll continue our work on the alphabet (V-z) -letter recognition, naming, writing and beginning sounds. In math we'll continue working on numerals 11-20. We have also been working on opposites and rhyming.

Our Valentine's Day party will be on Wednesday February 14. Your child will "deliver" valentines to his/her friends that day. **PLEASE DO NOT PUT NAMES ON THE ENVELOPES.** Delivery is easier without them. You are welcome to send in extra Valentine treats. They can practice writing their names in lower case letters by signing the valentines.

We will be working with the children to help them memorize their phone numbers including area code and addresses and zip codes. Please reinforce this at home. They should know these when they enter kindergarten.

Sincerely,
Lisa Caprara & Samantha McDonough

We are all aware of the public health concerns generated by the outbreak of the flu in the United States. It has been heavily covered in the news. We are doing many things here to prevent the spread here at the preschool. Including washing hands frequently, encouraging children to use a tissue and cough into their elbow when sneezing and coughing. We also are washing down toys and cleaning common surfaces. If you would like to volunteer to help in these efforts please see me. It is Preschool Policy that children must be vomit and fever free for 24 hours before returning to school.

Please DO NOT bring your child to school if they:

- Have a fever (your child should be fever free, without Tylenol, for 24 hours.)
- Are beginning a cold
- Are coughing and sneezing
- Have vomited or had diarrhea that morning or the evening before.

Please notify the school office whenever your child has a contagious illness. Thank you for helping us keep Cross Roads Preschool Healthy!
